Description :

PDF-fb39f | In every field of study there is one book that rises above the rest in stature and authority and becomes the standard work in the field. In genealogy that book is The Researcher's Guide to American Genealogy. It instructs the researcher in the timeless principles of genealogical research, while identifying the most current classes of records and research tools. It is both a textbook and an all-pur... *The Researcher's Guide to American Genealogy. 4th Edition*
